

Contents :

Using the MSP430 Microcontroller as a Signals Generator to drive a single-phase power inverter	01-08
Hydrothermal Carbonization of Sugar Solution into Carbon Nano-Particle	09-14
Cryogenic Treatments Applied to AISI D2 Steel: Effects on Wear, Hardness and Microstructure	15-24
Sedimentary Facies Analysis of Sandstone Member of the Imo Formation in Northeastern Part of the Niger Delta Basin, Nigeria	25-37
Economic evaluation of the mixed-refrigerant loop of a propane-precooled mixed-refrigerant (C3-MR) natural gas liquefaction plant	38-47
Mathematical Derivation of the Second order Kalman filter Based on Estimation and Prediction	48-53
Caracterização de Fratura em um tie-in de material Incoloy 800HT de uma Tubulação de Vapor Superaquecido	54-60
The Role of Administrative Systems Application in Developing Government Performance	61-64
The Role of Educational Media in Motivation to Learn: Digital Media as a Model	65-71
ERGONOMICS: Prevention and Protection of Workers' Health and Safety	72-78
